How To Design a
Company Culture
Employees Love*
by Josh Levine

FULL BIOGRAPHY

Josh Levine is a best-selling author, brand strategist, and highly sought-after speaker on a mission to help organizations design a culture advantage.

For more than 15 years, Levine has helped build culture-driven brands for a wide range of organizations—including Silicon Valley heavy hitters, prominent nonprofits, and well-respected blue chip corporations. He is best known as the co-founder of the nonprofit CULTURE LABx,

and as executive director helped it flourish into an international community. His new book, *Great Mondays*, which was recently listed on BookAuthority's list of the best culture books of all time, teaches organizations how to design a company culture employees love.

Levine is recognized for his entertaining, energetic, and educational keynotes that reveal fresh insights and inspire new action.

He teaches brand strategy and culture design courses in the groundbreaking MBA program of Design at the California College of the Arts to motivate the next generation of leaders. Levine is a Forbes.com columnist, and his work has been featured in Huffington Post, Fast Company, and the Design Management Journal. He holds a BS in Engineering Psychology from Tufts University, and BFA in design from the Academy of Art University.

“Josh is persuasive, entertaining, and he’s thoughtful. He’ll tell you why decisions were made in a way that makes sense to people.”

Issac Roth, CTO, Hybrid Cloud Integration & API Economy, IBM

**KEYNOTE TOPIC**

The Culture Imperative

The ability to spearhead culture change in today's rapidly changing workplace is the difference between industry leaders and losers.

OBJECTIVE

Discover why corporate culture is more important than ever before and how you can effectively lead your business through cultural transitions.

PARTICIPANTS WILL LEARN

1. What is the business definition of culture, and why it's important
2. How to leverage my workplace culture as a competitive advantage
3. How to evaluate, manage, improve, and evolve my company culture

Together, we will explore modalities in organizational change rooted in traditional brand strategy. Using Silicon Valley start-ups as a lens, we will discuss actionable methodologies for both implementing and measuring culture change.

Taking what we learn from the lecture and discussion portions, we will consider individually and as a group how you can begin to put your ideas into action.

What you will take away from this talk: a framework for effecting real change throughout your organization that will prepare you to kick off your culture change imperative on Monday.

Culture change is surmountable with the appropriate tools in hand. Start gauging where your culture is now so you can create strategic aims for the future.

**KEYNOTE TOPIC**

The Manager's Culture Control Panel

Because employee engagement is more important than ever, managers must learn how to effectively lead and build robust cultures of their own.

OBJECTIVE

Learn how managers can use the 5 Ps as a culture control panel to effect change on both micro and macro scales. Using real-world examples we will discuss how managers can easily put this theoretical framework into place to move their organization's culture forward.

PARTICIPANTS WILL LEARN

1. The 5 Ps of engagement
2. How to leverage my role to influence company culture
3. What employees need to be fully engaged

More than the overarching culture of a business, managers are in the unique position to build micro-cultures that strengthen their team's performance and support their organization.

But in a world where leadership teams are not all created equally, how can supervisors assess and manage culture in a way that's effective and measurable?

Based on Maslow's hierarchy of needs, a psychological theory used to assess motivation, the 5 Ps of Engagement is a culture management tool you can use to discover your unique formula for success. Each touchstone — package, potential, people, purpose, and perception — relates to the cumulative needs of employees, from the physical to the aspirational.
